R Markdown

Prénom Nom

First Part

Deuxième partie This is an R Markdown presentation. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see http://rmarkdown.rstudio.com.

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document.

Two Column Layout

Prénom Nom

First Part

Deuxième partie This slide has two columns. In Beamer, each column in between \begincol and \endcol.
In HTML, the {.columns-2} option is added to the slide title and allows forcing column break.

Documentation
